Dear Dr. Shurett:

This letter is written to address the excellent experience the adolescents of Project Adventure have had with their dental care since Shurett dental group has been treating their needs. We began approximately 3 years ago seeking a dentist in the Covington/Conyers area who would be willing to treat underprivileged youth. We contacted over 10 dentist in the area who refused to see medicaid clients. After speaking with Dr. Shurett we learned the dental van could come to our location and treat the youth without them missing time from school. Since implementing this our clients have received the best dental care of their lives. We have enjoyed working closely with all the staff of Shurett Dental. Tina has always coordinated with our needs in helping each child gain a healthy and happy smile. Dr. Smith has also been an integral part of coordinating the needs of Project Adventure with the available resources of Shurett dental group. Personally, I want to thank you for helping over 200 youth receive the dental care they could not have received otherwise. Your staff's professional demeanor and patience are deserving of a commendation. We look forward to many years of working together.

Best Regards,

Dr. Jody S. Tarleton
