RE: Mobile Dental Services

As Facility Nurse of Twin Cedars Youth Services, it has been my privilege to work with the employees of the Help a Child Smile Mobile Dental Services for the past year.

Our facility is a non-profit organization providing care in residential settings to approximately 60 children at several locations in LaGrange, Georgia.

We enjoy the benefits of having the mobile dental van at our locations versus transporting our residents off campuses.

We have utilized four of the mobile dental vans throughout the past year. All the personnel on each van have been very friendly and professional. Many of our residents have never been to a dentist, and the employees of the mobile program have made the experience both educational and enjoyable.

I would not hesitate to recommend their services to anyone.
